

R HOKE SMITH OBJECTS TO REPORT

[illegible]

in reply to the publicity campaign of railroad managers who op-

of their transportation employees to establish an independent union. When they tell it is to lessen the apprehension that would be born of the eyes of the workers to get right down to the appeal to reason' was as a matter of human nature to make the business away from them they don't know what it. That they know it, story after story of management, financial management, managers' participation in the business where the voice of the worker cries for protection that he controls tells him to capital from the unreasonable employee, familiar with the practical roads, dream dreams of what the wicked

every day fact of the matter
